

MATH 1161

Group Member Evaluation Sheet

Rate the contribution of each of your group members according to the following scale. The average of each members ratings will be added to his/her project point total.

- 5 - This person performed above and beyond the call of duty in the group.
- 4 - This person regularly contributed slightly more than required.
- 3 - This person adequately contributed what was required.
- 2 - This person just barely contributed what was required and not quite adequately.
- 0 - This person contributed almost nothing to the project.

Group Member #1 Name: _____

Group Member #2 Name: _____

Group Member #3 Name: _____
